Project Title: Textile Factory

	ID	Name	Section	Signature
1	1930319	Mohammad Arshad Hossian Ratul	1	

## **CSE213 Project Checklist**

(indicate yes/no on which of the following are included in your project)

SL	Project elements	Included (Yes / No)
1	Label, TextField	yes
	TextArea	yes
	CheckBox without event handling	yes
	CheckBox WITH event handling	no
_	RadioButton with ToggleGroup  ComboBox without event handling	yes
	ComboBox With event handling	yes
	Preparing your scenes with proper background chores by writing initialize method	,
9	MenuBar, Menu & Menultem with event handling on menu items	
10	Which of the Layouts are used?	
	- AnchorPane layout	yes
	- BorderPane layout	yes
	- Grid layout	no
	- VBox layout - HBox layout	yes
	- TabPane layout	no
	- Nested Layout	yes
11	FileChooser:	7
	- To open a file	
	- To save a file	
	- To apply extension filter	
12	Use of File:	
	- Did you use Text file using <b>CHARACTER</b> stream? If yes answer the following:	yes
	- Written content to text file using character stream?	yes
	- Appended content to text file using character stream?	yes
	- Read content from text file using character stream? - Did you use Binary file using DATA stream? If yes answer the following:	yes
	Did you use Binary file using DATA stream? If yes answer the following:     Written content to binary file using data stream?	no
	- Appended content to binary file using data stream?	
	- Read content from binary file using data stream?	
	- Did you use Binary file using OBJECT stream? If yes answer the following:	yes
	- Written content to binary file using object stream?	yes
	- Appended content to binary file using object stream?	yes
	- Read content from binary file using object stream?	yes
13	Use of TableView with column configuration in some method	yes
	- Populating table from file	yes
	- Populating table from user input	no
	- Made arrangement on editing cell of a table	
	The state of the s	no
15	Loading the Parent of a second FXML file to a sub-region of the current scene as a sub-scene	yes
	Loading the Parent of a second FXML file on the same Stage	yes yes
16	Loading the Parent of a second FXML file on the same Stage Loading the Parent of a FXML file on a new Stage	yes
16 17	Loading the Parent of a second FXML file on the same Stage  Loading the Parent of a FXML file on a new Stage  Passing data from one Scene to Another	yes yes
16	Loading the Parent of a second FXML file on the same Stage Loading the Parent of a FXML file on a new Stage Passing data from one Scene to Another Charts	yes yes
16 17	Loading the Parent of a second FXML file on the same Stage  Loading the Parent of a FXML file on a new Stage  Passing data from one Scene to Another  Charts  - Is there any BAR chart in your project? If yes, answer the following:	yes yes
16 17	Loading the Parent of a second FXML file on the same Stage  Loading the Parent of a FXML file on a new Stage  Passing data from one Scene to Another  Charts  Is there any BAR chart in your project? If yes, answer the following:  - Is there any event on RUNTIME source associated with your bar chart?	yes yes
16 17	Loading the Parent of a second FXML file on the same Stage  Loading the Parent of a FXML file on a new Stage  Passing data from one Scene to Another  Charts  Is there any BAR chart in your project? If yes, answer the following:  - Is there any event on RUNTIME source associated with your bar chart?	yes yes
16 17	Loading the Parent of a second FXML file on the same Stage  Loading the Parent of a FXML file on a new Stage  Passing data from one Scene to Another  Charts  Is there any BAR chart in your project? If yes, answer the following:  Is there any event on RUNTIME source associated with your bar chart?  Did you get data set of your bar chart from user input?	yes yes
16 17	Loading the Parent of a second FXML file on the same Stage  Loading the Parent of a FXML file on a new Stage  Passing data from one Scene to Another  Charts  Is there any BAR chart in your project? If yes, answer the following:  Is there any event on RUNTIME source associated with your bar chart?  Did you get data set of your bar chart from user input?  Did you retrived data set of your bar chart from file(s)?	yes yes yes yes
16 17	Loading the Parent of a second FXML file on the same Stage  Loading the Parent of a FXML file on a new Stage  Passing data from one Scene to Another  Charts  - Is there any BAR chart in your project? If yes, answer the following:  - Is there any event on RUNTIME source associated with your bar chart?  - Did you get data set of your bar chart from user input?  - Did you retrived data set of your bar chart from file(s)?  - Is there any PIE chart in your project? If yes, answer the following:	yes yes yes yes yes
16 17	Loading the Parent of a second FXML file on the same Stage  Loading the Parent of a FXML file on a new Stage  Passing data from one Scene to Another  Charts  - Is there any BAR chart in your project? If yes, answer the following:  - Is there any event on RUNTIME source associated with your bar chart?  - Did you get data set of your bar chart from user input?  - Did you retrived data set of your bar chart from file(s)?  - Is there any PIE chart in your project? If yes, answer the following:  - Is there any event on RUNTIME source associated with your pie chart?	yes yes yes yes yes yes
16 17	Loading the Parent of a second FXML file on the same Stage  Loading the Parent of a FXML file on a new Stage  Passing data from one Scene to Another  Charts  - Is there any BAR chart in your project? If yes, answer the following:  - Is there any event on RUNTIME source associated with your bar chart?  - Did you get data set of your bar chart from user input?  - Did you retrived data set of your bar chart from file(s)?  - Is there any PIE chart in your project? If yes, answer the following:  - Is there any event on RUNTIME source associated with your pie chart?  - Did you get data set of your pie chart from user input?	yes yes yes yes yes yes no
16 17	Loading the Parent of a second FXML file on the same Stage  Loading the Parent of a FXML file on a new Stage  Passing data from one Scene to Another  Charts  - Is there any BAR chart in your project? If yes, answer the following:  - Is there any event on RUNTIME source associated with your bar chart?  - Did you get data set of your bar chart from user input?  - Did you retrived data set of your bar chart from file(s)?  - Is there any PIE chart in your project? If yes, answer the following:  - Is there any event on RUNTIME source associated with your pie chart?  - Did you get data set of your pie chart from user input?  - Did you get data set of your pie chart from user input?  - Did you retrived data set of your pie chart from file(s)?	yes yes yes yes yes yes no
16 17	Loading the Parent of a second FXML file on the same Stage  Loading the Parent of a FXML file on a new Stage  Passing data from one Scene to Another  Charts  - Is there any BAR chart in your project? If yes, answer the following:  - Is there any event on RUNTIME source associated with your bar chart?  - Did you get data set of your bar chart from user input?  - Did you retrived data set of your bar chart from file(s)?  - Is there any PIE chart in your project? If yes, answer the following:  - Is there any event on RUNTIME source associated with your pie chart?  - Did you get data set of your pie chart from user input?  - Did you get data set of your pie chart from user input?  - Did you retrived data set of your pie chart from file(s)?  - Is there any LINE chart in your project? If yes, answer the following:	yes yes yes yes yes yes no no yes
16 17	Loading the Parent of a second FXML file on the same Stage  Loading the Parent of a FXML file on a new Stage  Passing data from one Scene to Another  Charts  Is there any BAR chart in your project? If yes, answer the following:  Is there any event on RUNTIME source associated with your bar chart?  Did you get data set of your bar chart from user input?  Did you retrived data set of your bar chart from file(s)?  Is there any PIE chart in your project? If yes, answer the following:  Is there any event on RUNTIME source associated with your pie chart?  Did you get data set of your pie chart from user input?  Did you get data set of your pie chart from user input?  Did you retrived data set of your pie chart from file(s)?  Is there any LINE chart in your project? If yes, answer the following:  Is there any event on RUNTIME source associated with your line chart?	yes yes yes yes yes yes no no yes
16 17 18 18 19 19 19 19 19 19 19 19 19 19 19 19 19	Loading the Parent of a second FXML file on the same Stage  Loading the Parent of a FXML file on a new Stage  Passing data from one Scene to Another  Charts  - Is there any BAR chart in your project? If yes, answer the following:  - Is there any event on RUNTIME source associated with your bar chart?  - Did you get data set of your bar chart from user input?  - Did you retrived data set of your bar chart from file(s)?  Is there any PIE chart in your project? If yes, answer the following:  - Is there any event on RUNTIME source associated with your pie chart?  - Did you get data set of your pie chart from user input?  - Did you get data set of your pie chart from user input?  - Did you retrived data set of your pie chart from file(s)?  - Is there any LINE chart in your project? If yes, answer the following:  - Is there any event on RUNTIME source associated with your line chart?  - Did you get data set of your line chart from user input?	yes yes yes yes yes yes no no yes
16 17 18 18 19 19 19 19 19 19 19 19 19 19 19 19 19	Loading the Parent of a second FXML file on the same Stage  Passing data from one Scene to Another  Charts  - Is there any BAR chart in your project? If yes, answer the following:  - Is there any event on RUNTIME source associated with your bar chart?  - Did you get data set of your bar chart from user input?  - Did you retrived data set of your bar chart from file(s)?  - Is there any PIE chart in your project? If yes, answer the following:  - Is there any event on RUNTIME source associated with your pie chart?  - Did you get data set of your bar chart from user input?  - Did you get data set of your be chart from user input?  - Did you get data set of your pie chart from user input?  - Did you get data set of your pie chart from the following:  - Is there any LINE chart in your project? If yes, answer the following:  - Is there any event on RUNTIME source associated with your line chart?  - Did you get data set of your line chart from user input?  - Did you get data set of your line chart from user input?  - Did you get data set of your line chart from user input?  - Did you get data set of your line chart from user input?  - Did you get data set of your line chart from user input?  - Did you get data set of your line chart from user input?  - Did you get data set of your line chart from user input?  - Did you get data set of your line chart from user input?  - Did you get data set of your line chart from lie(s)?	yes yes yes  yes  yes  yes  no no yes
16 17 18 18 19 19 19 19 19 19 19 19 19 19 19 19 19	Loading the Parent of a second FXML file on the same Stage  Passing data from one Scene to Another  Charts  - Is there any BAR chart in your project? If yes, answer the following:  - Is there any event on RUNTIME source associated with your bar chart?  - Did you get data set of your bar chart from user input?  - Did you retrived data set of your bar chart from file(s)?  - Is there any PIE chart in your project? If yes, answer the following:  - Is there any event on RUNTIME source associated with your pie chart?  - Did you get data set of your pie chart from user input?  - Did you get data set of your pie chart from user input?  - Did you get data set of your pie chart from user input?  - Did you retrived data set of your pie chart from file(s)?  - Is there any LINE chart in your project? If yes, answer the following:  - Is there any event on RUNTIME source associated with your line chart?  - Did you get data set of your line chart from user input?  - Did you get data set of your line chart from user input?  - Did you retrived data set of your line chart from file(s)?  Did you generate REPORTS by pulling data from multiple array lists and/or files, based on search/filter parameters, and the formatted Report is finally shown on a scene? If yes answer the following:	yes yes yes  yes  yes  yes  no no yes
16 17 18 18 19 19 19 19 19 19 19 19 19 19 19 19 19	Loading the Parent of a second FXML file on the same Stage  Passing data from one Scene to Another  Charts  - Is there any BAR chart in your project? If yes, answer the following:  - Is there any event on RUNTIME source associated with your bar chart?  - Did you get data set of your bar chart from user input?  - Did you retrived data set of your bar chart from lile(s)?  - Is there any PIE chart in your project? If yes, answer the following:  - Is there any PIE chart in your project? If yes, answer the following:  - Did you get data set of your be chart from user input?  - Did you get data set of your pie chart from user input?  - Did you get data set of your pie chart from user input?  - Did you get data set of your pie chart from the following:  - Is there any LINE chart in your project? If yes, answer the following:  - Is there any event on RUNTIME source associated with your line chart?  - Did you get data set of your line chart from user input?  - Did you get data set of your line chart from user input?  - Did you get data set of your line chart from user input?  - Did you get data set of your line chart from user input?  - Did you get data set of your line chart from user input?  - Did you get data set of your line chart from user input?  - Did you get data set of your line chart from user input?  - Did you get data set of your line chart from lile(s)?  Did you generate REPORTS by pulling data from multiple array lists and/or files, based on search/filter parameters, and the formatted Report is finally shown on a scene? If yes answer the following:  - Does one/more of your reports contain dynamically generated content as text?	yes yes yes  yes  yes  yes  no no yes
16 17 18 19 19	Loading the Parent of a second FXML file on the same Stage  Passing data from one Scene to Another  Charts  - Is there any BAR chart in your project? If yes, answer the following:  - Is there any event on RUNTIME source associated with your bar chart?  - Did you get data set of your bar chart from user input?  - Did you retrived data set of your bar chart from file(s)?  - Is there any PIE chart in your project? If yes, answer the following:  - Is there any event on RUNTIME source associated with your pie chart?  - Did you get data set of your be chart from file(s)?  - Did you get data set of your pie chart from user input?  - Did you get data set of your pie chart from user input?  - Did you get data set of your pie chart from file(s)?  - Is there any LINE chart in your project? If yes, answer the following:  - Is there any event on RUNTIME source associated with your line chart?  - Did you get data set of your line chart from user input?  - Did you get data set of your line chart from user input?  - Did you get data set of your line chart from user input?  - Did you get data set of your line chart from user input?  - Did you get data set of your line chart from user input?  - Did you get data set of your line chart from user input?  - Did you get data set of your line chart from user input?  - Did you get data set of your line chart from user input?  - Did you get data set of your line chart from user input?  - Did you get data set of your line chart from user input?  - Did you get data set of your line chart from user input?  - Did you get data set of your line chart from user input?  - Did you get data set of your line chart from user input?  - Does one/more of your reports contain dynamically generated content as text?  - Does one/more of your reports contain dynamically generated content as text?  - Does one/more of your reports contain dynamically generated content as text?	yes yes yes  yes  yes  yes  no no yes
16 17 18 19 19	Loading the Parent of a second FXML file on the same Stage  Passing data from one Scene to Another  Charts  - Is there any BAR chart in your project? If yes, answer the following: - Is there any event on RUNTIME source associated with your bar chart? - Did you get data set of your bar chart from user input? - Did you retrived data set of your bar chart from file(s)? - Is there any PIE chart in your project? If yes, answer the following: - Is there any PIE chart in your project? If yes, answer the following: - Did you get data set of your bie chart from user input? - Did you get data set of your pie chart from user input? - Did you get data set of your pie chart from file(s)? - Is there any EINE chart in your project? If yes, answer the following: - Is there any LINE chart in your project? If yes, answer the following: - Is there any event on RUNTIME source associated with your line chart? - Did you get data set of your line chart from user input? - Did you get data set of your line chart from user input? - Did you get data set of your line chart from lie(s)?  Did you generate REPORTS by pulling data from multiple array lists and/or files, based on search/filter parameters, and the formatted Report is finally shown on a scene? If yes answer the following: - Does one/more of your reports contain dynamically generated content as text? - Does one/more of your reports contain any table, where cell values are generated as part of report requirement? - Does one/more of your reports contain any chart where data set of the chart is generated as part of report requirement?	yes yes yes yes yes  yes no no no no no
16 17 18 19 19	Loading the Parent of a second FXML file on the same Stage  Passing data from one Scene to Another  Charts  - Is there any BAR chart in your project? If yes, answer the following: - Is there any event on RUNTIME source associated with your bar chart? - Did you get data set of your bar chart from user input? - Did you retrived data set of your bar chart from file(s)? - Is there any PIE chart in your project? If yes, answer the following: - Is there any event on RUNTIME source associated with your pie chart? - Did you get data set of your pie chart from user input? - Did you get data set of your pie chart from user input? - Did you get data set of your pie chart from user input? - Did you get data set of your pie chart from file(s)? - Is there any LINE chart in your project? If yes, answer the following: - Is there any event on RUNTIME source associated with your line chart? - Did you get data set of your line chart from user input? - Did you get data set of your line chart from user input? - Did you get data set of your line chart from ser input? - Did you get data set of your line chart from file(s)?  Did you generate REPORTS by pulling data from multiple array lists and/or files, based on search/filter parameters, and the formatted Report is finally shown on a scene? If yes answer the following: - Does one/more of your reports contain dynamically generated content as text? - Does one/more of your reports contain any table, where cell values are generated as part of report requirement? - Does one/more of your reports contain any chart where data set of the chart is generated as part of report requirement?  If PDF is generated, which of the following are included in your PDF	yes yes yes yes yes  yes no no no no no
16 17 18 19 19	Loading the Parent of a second FXML file on the same Stage  Passing data from one Scene to Another  Charts  - Is there any BAR chart in your project? If yes, answer the following: - Is there any event on RUNTIME source associated with your bar chart? - Did you get data set of your bar chart from user input? - Did you retrived data set of your bar chart from file(s)? - Is there any event on RUNTIME source associated with your pie chart? - Is there any PIE chart in your project? If yes, answer the following: - Is there any event on RUNTIME source associated with your pie chart? - Did you get data set of your pie chart from user input? - Did you retrived data set of your pie chart from user input? - Did you retrived data set of your pie chart from file(s)? - Is there any LINE chart in your project? If yes, answer the following: - Is there any LINE chart in your project? If yes, answer the following: - Is there any terrived data set of your line chart from file(s)? - Did you get data set of your line chart from user input? - Did you get data set of your line chart from file(s)?  Did you generate REPORTS by pulling data from multiple array lists and/or files, based on search/filter parameters, and the formatted Report is finally shown on a scene? If yes answer the following: - Does one/more of your reports contain dynamically generated content as text? - Does one/more of your reports contain any table, where cell values are generated as part of report requirement? - Does one/more of your reports contain any chart where data set of the chart is generated as part of report requirement?  If PDF is generated, which of the following are included in your PDF - Text without any formatting	yes yes yes yes yes  yes no no no no
16 17 18 19 19	Loading the Parent of a second FXML file on the same Stage Passing data from one Scene to Another  Charts - Is there any BAR chart in your project? If yes, answer the following: - Is there any event on RUNTIME source associated with your bar chart? - Did you get data set of your bar chart from user input? - Did you retrived data set of your bar chart from file(s)? - Is there any PIE chart in your project? If yes, answer the following: - Is there any PIE chart in your project? If yes, answer the following: - Is there any PIE chart in your project? If yes, answer the following: - Is there any event on RUNTIME source associated with your pie chart? - Did you get data set of your pie chart from user input? - Did you get data set of your pie chart from file(s)? - Is there any LINE chart in your project? If yes, answer the following: - Is there any event on RUNTIME source associated with your line chart? - Did you get data set of your line chart from user input? - Did you get data set of your line chart from user input? - Did you get data set of your line chart from line(s)? - Did you get retrived data set of your line chart from lise(s)? - Did you generate REPORTS by pulling data from multiple array lists and/or files, based on search/filter parameters, and the formatted Report is finally shown on a scene? If yes answer the following: - Does one/more of your reports contain dynamically generated content as text? - Does one/more of your reports contain any table, where cell values are generated as part of report requirement? - Does one/more of your reports contain any chart where data set of the chart is generated as part of report requirement?  If PDF is generated, which of the following are included in your PDF - Text without any formatting - Text WITH formatting - Bulleted list - Image	yes yes yes yes yes  yes no no no no
16 17 18 19	Loading the Parent of a second FXML file on the same Stage  Passing data from one Scene to Another  Charts  - Is there any BAR chart in your project? If yes, answer the following:  - Is there any event on RUNTIME source associated with your bar chart?  - Did you get data set of your bar chart from user input?  - Did you retrived data set of your bar chart from file(s)?  - Is there any PIE chart in your project? If yes, answer the following:  - Is there any PIE chart in your project? If yes, answer the following:  - Is there any event on RUNTIME source associated with your pie chart?  - Did you get data set of your pie chart from user input?  - Did you retrived data set of your pie chart from file(s)?  - Is there any LINE chart in your project? If yes, answer the following:  - Is there any LINE chart in your project? If yes, answer the following:  - Is there any event on RUNTIME source associated with your line chart?  - Did you get data set of your line chart from user input?  - Did you get data set of your line chart from sile(s)?  - Did you get data set of your line chart from lise(s)?  - Did you get data set of your line chart from file(s)?  - Did you get data set of your line chart from file(s)?  - Did you get data set of your line chart from file(s)?  - Did you get data set of your line chart from file(s)?  - Did you get data set of your line chart from file(s)?  - Did you get data set of your line chart from file(s)?  - Did you get data set of your line chart from file(s)?  - Did you get data set of your line chart from file(s)?  - Did you get data set of your line chart from file(s)?  - Did you get data set of your line chart from file(s)?  - Did you get data set of your line chart from file(s)?  - Did you get data set of your line chart from file(s)?  - Did you get data set of your line chart from file(s)?  - Did you get data set of your line chart from file(s)?  - Did you get data set of your line chart from file(s)?  - Did you get data set of your line chart from file(s)?  - Did you get lata set of yo	yes yes yes yes yes  yes no no no no
